PYTHIAN GRAND LODGE CLOSES ANNUAL SESSION.

The Kentucky Grand Lodge of the Knights of Pythias came to an end Wednesday afternoon, in Lexington, after a session of three days. At the meeting at the Pythian Home, on the Harrodsburg road, Pineville was selected as the next meeting place.

John J. Howe, of Carrollton, grand vice chancellor, was elected grand chancellor for the coming year, and all the other officers of the order were advanced one grade. J. W. Carter, of Lexington, grand keeper of record and seals, was re-elected to his position.

Grand Chancellor Howe is Commonwealth's Attorney of the Fifteenth Judicial District of Kentucky and during 1916 and 1917 he was president of the Commonwealth's Attorneys' Association of Kentucky.

The new grand vice chancellor is with the American expeditionary force in France, and has been promoted to the rank of major in the army.

The full roster of officers chosen follows:

Harry A. Schoberth, Versailles, supreme representative.

John A. Howe, Carrollton, chancellor.

A. O. Fisk, Earlington, grand vice chancellor.

J. L. Anderson, Manchester, grand prelate.

J. W. Carter, Lexington, grand keeper of records and seal (re-elected).

B. P. Eubank, Bowling Green, grand master of the exchequer (re-elected).

S. T. Alderson, Russellville, grand master at arms.

Emil Poorman, Louisville, grand inner guard.

R. M. Hunter, Nicholasville, grand outer guard.

Board of Directors for Pythian Home: R. H. Gray, Covington; W. C. G. Hobbs, Lexington; and J. R. Dorman, Wilmore.

REAL ESTATE TRANSACTIONS

—Acting as agent for his mother, Mrs. P. D. Shea, Mr. Robert Shea, of Mitchell & Blakemore, sold to Mr. Ira Parks the home on Convent Heights now occupied by them, and adjoining the home of Mrs. Edward Turner, for \$4,000. Mrs. Shea and family will move to a cottage on Fifteenth street, and Mr. Parks will occupy his purchase.

Mr. J. A. Stern, of The Fair Store, sold Wednesday, to Dr. L. Oberdorfer, the brick residence on High street, at present occupied by Mr. and Mrs. Richard Willis. The purchase price was not given out for publication. Dr. Oberdorfer and family will move to the home as soon as possession is given.

—Mrs. Ellen C. Kiely and children, Miss Mary Kiely, Jos. Kiely and John Kiely, sold this week to Gus and Hensel Margolen the two-story brick business house, on Main street, occupied by the People's Pharmacy, on the ground floor, and apartment on the second floor, for \$9,000. The house adjoins the business property belonging to the purchasers, at present occupied by Jacob Elvove as a clothing store. The terms of the deal include a two-story brick residence in the rear of the business property, which will be occupied by Mr. and Mrs. Gus Margolen as soon as possession is given. The purchasers bought the business property as an investment, and the present occupants will remain.

KENTUCKY WILL STRIVE FOR DEATHLESS FOURTH

State Fire Marshal Pannel hopes to repeat this year the precedent established by Kentucky of passing a Fourth of July without a death from fire works or fire arms. He stated that there is a ban on fire works on the Fourth of July, as at all other times, and that Mayors of cities and police should see to it that the regulation is enforced.

INTERESTING OIL NOTES

The Parboken Oil Company, of Paris, expects to bring in their No. 3 well to-day or to-morrow on their Kinkadee lease. The No. 3 is expected to be a better well than the No. 4, which came in better than one hundred barrels.

Field Manager James H. Moreland, of the Little Banjo Oil Company, is in Paris for a few days. Mr. Moreland is very enthusiastic over the prospects for his company, and reports work progressing very satisfactorily in the field.

The Owsley Oil and Gas Company is making preparations to drill another well shortly in the vicinity of the initial well near Endee, which has a good show of oil and gas, but has not been put to the pump.

Mr. Oscar T. Hinton, Mr. John M. Stuart and several others representing the Greater Kentucky Petroleum Company of this city, have gone to Scottsville on a trip of inspection. They will be gone several days making a thorough inspection of the oil territory in that vicinity.

Mr. Charles Wilmoth returned Tuesday night from a stay of several weeks in and around Munday, Texas, and in Oklahoma, where he is interested in the oil business. Mr. Wilmoth reports the prospects there as being very bright for a successful season, and that the oil and mineral business seems to be taking a decided hold on the West. He saw some big wells during his stay and says showers of oil are a common thing in some parts of the big field.

A message was received here Wednesday from the field manager of the Ranger, Texas, oil fields, stating that another well on the holdings of Geo. B. Keller, formerly of Paris, had come in, and was estimated to be making not less than 2,600 barrels. The message stated that about twenty other wells on the same field are due in soon, from which good prospects are expected. Mr. Keller, who has been visiting his parents, Dr. and Mrs. A. H. Keller, in this city, for several weeks, has returned to his home in McKinney, Texas.

According to a report from the Indian Refining Company, operating in the Lee, Estill and Allen county fields, 99,700 barrels of oil were shipped over this company's lines during May. From Estill and Lee counties 49,183.33 barrels were run, while the production from the western fields showed an increase in production handled by this company amounting to 50,517.03 barrels. The larger part of the output of the wells in the several fields of Kentucky pass through the Cumberland pipe lines, and this report can not be relied upon for a definite output from the pools in Kentucky.

Mr. Harry B. Clay, of Paris, vice-president of the Old Rosebud Oil Company, has returned from a trip of inspection to the Company's holdings in the Big Sinking District of the oil fields. Many rumors had been current regarding the capacity of the new well brought in last Saturday on the Company's lease, and Mr. Clay determined to make a trip for the purpose of finding out just how matters stood. In a talk with the head driller, he asked the latter as to how much the well would make. The old fellow for a time would only say, "Well, she's a heller!" Finally it was conservatively estimated that the well would run between four and five hundred barrels. Mr. Clay returned firm in the belief that the new well was a wonder.

KENTUCKY SENATORS OPPOSE REVENUE DISTRICT MERGER.

Senators Beekham and Stanley, of Kentucky, called on Commissioner of Internal Revenue Roper and entered their protest against any consolidation of the internal revenue districts in Kentucky that would not leave at least two districts in existence.

They declared Kentucky is so situated geographically that there should be at least one district for the western half of the State and one for the eastern half, just as the State is at present divided for Federal judiciary purposes. They suggested that in the event of a consolidation into two districts the headquarters of one district be at Louisville and the other at Lexington.

They found Commissioner Roper set in his decision that all five of the existing districts in Kentucky should be combined into one district with headquarters at Louisville, but no action was taken as a result of the conference. Commissioner Roper said later that he expects to make a public announcement regarding his consolidation plan about June 15.

BOY KICKED BY PONY.

Roger Mahorney, young son of Mr. Quincy Mahorney, of near Ruddles Mills, had a narrow escape when he was kicked below the eye by a pony. Four teeth were broken off and the boy's face considerably bruised. Dr. George Rankin, of Shawhan, was called and attended to the little fellow's injuries.

IN THE SERVICE OF THEIR COUNTRY.

Robert L. Link, Jr., who has been visiting relatives in Paris for several weeks, left Monday for New York, to reside. Mr. Link will resume the position he held before going overseas.

Dr. Ben Frank is in Paris as a guest of relatives. He was recently discharged from the service at Ft. Kearney, in California, where he had been in the aviation branch of the service. Dr. Frank attained the rank of Lieutenant and was recommended for meritorious service.

Major Neville Fisher, formerly of Paris, has returned from overseas service, where he gained considerable distinction as a commander of men. Before his departure his company presented him with a solid gold loving cup, on which was engraved, "To the Father of the Battalion." His second battalion presented him with a handsome gold watch. Major Fisher is a guest of his mother, Mrs. W. H. Fisher, and other relatives in this city.

Mr. Wm. C. Dodson, of Paris, is in receipt of a postcard from his nephew, Corp. Robert Weaver Talbott, formerly of Paris, announcing his safe arrival at Camp Mills, Long Island, N. Y., last Monday, after having been in the service overseas for about nine months. Corp. Talbott, before his induction into the army service, was employed on the Louisville & Nashville railroad, with headquarters in this city. He was a member of one of the Bourbon county draft contingents sent to Camp Taylor. He will return to Paris after having been mustered out.

Short term enlistments for special service in France with the Marines will be closed June 16, according to orders received at the Lexington recruiting station office Wednesday.

For the purpose of relieving marines now in service in Germany and France, enlistments have been opened for some months for short terms, with special service abroad specified. Men enlisting under those terms will be sent to Quantico, Va., equipped, and sent directly overseas. When American troops are withdrawn in the fall, these men will be returned to the States and discharged as soon as they are landed. These conditions will not be open after June 16.

Mr. Michael Angelo Atlas, familiarly known here to his friends and acquaintances as plain Mike Atlas, was a recent visitor in the city, mingling with those he used to know, and those whom he hopes to know intimately in the future. Mike was formerly assistant ticket agent at the Tenth street passenger station of the Louisville & Nashville in this city, and formed many pleasing friendships, especially among the traveling men, by his uniform courtesy. Promotion to a more lucrative position, that of ticket agent in the Union Central passenger station at Cincinnati, took him away from us, then Uncle Sam called him, and he went into the service voluntarily. He has just returned from France, where he had spent over nine months, and saw action in several of the big battles. He has resumed his old position in the Grand Central Union passenger station at Cincinnati.

Writing to a member of THE NEWS staff from Brest, France, under date of May 24, Seaman W. O. Pennington, of Paris, says: "I am getting along very nicely at present. Had a case of blood poisoning in my right hand for a while, but it is all right now, and I am back on duty again. Have just returned from a three-days' furlough in Paris, France, where I had some time, I assure you. Paris, France, is the liveliest city I have ever seen. For booze and women it has the world beat a whole city block. We are waiting to bring President Wilson back to America with us. We leave here Monday for Ostend, Belgium. The President will meet us there about the first of June. Then we will return to the U. S. A. Upon my arrival there I will get my discharge from the service. Tell Eddie Doty to be sure and save something for me for I am coming home from a wet country. I see Noah Clark here very often. I understand he has been here for about a year on an oil barge. I suppose you have been reading about the great war painting on exhibition at Paris, France, haven't you? It took nineteen artists four years to paint it. It is over three hundred feet long. I am mailing you a small photo of just the American section of it. You can see from this picture just what part France thinks America played in the war. Well, hope to see you all very soon. Regards to all the boys."

COMMENCEMENT AND BANQUET MARK CLOSE OF PARIS HIGH SCHOOL.

Following the exercises at the Paris High School, which began Sunday with the delivery of the baccalaureate sermon to the class of 1919 at the Presbyterian church, and the joint commencement exercises of the city and county schools held Wednesday, the commencement exercises proper of the Paris High School were held in the auditorium last night in the presence of a large crowd.

The principal address of the evening was delivered to the graduating class of 1919 by Dr. John Leonard Hill, Dean of the Georgetown College. His address was a masterpiece, and was listened to with rapt attention by his auditors. Prof. Lee Kirkpatrick, Superintendent of Schools, presented the diplomas to the following fourteen members of the class: Foster Mitchell, Alice Adair, Louise Connell, Lucille Hall, Vallette McClintock, Eugene Lair, Thelma Squires, Irene Alexander, Silas Bedford, Jr., Virginia Dundon, Ruby Elder, William McIntyre, Edith Harper, Maragrete Griffith.

The work done by the students of the Latin, History, Sewing and Cooking Departments were offered for the inspection of the public at the school Wednesday afternoon at one o'clock. The Latin posters, prepared by the High School Latin students, under the direction of Miss Elizabeth Roff, were especially instructive.

With the banquet held at the Crossdale Inn last night after the commencement exercises by the Paris High School Alumnae Association, the school term of 1919 passed out. The following program was rendered: Welcome Address, Miss Esther Boatright, '17, President; Response, Eugene Lair, '19; Music, P. H. S. Orchestra; Toastmaster, Raymond Connell, '17; "Lookin' Around," J. Stuart Wallingford, '15; Song, Mabel Galloway, '18; "What Next?" Eli Friedman, '14; "That Harmony," Mabel Templin, '18; Song, Mrs. David Bachrach, '09; "The Ladies," Fennell Galloway, '13; Music, P. H. S. Orchestra.

The following menu was served: Old ham; beaten biscuits; pickles; olives; potatoes au gratin; pineapple salad; ice cream; cake; coffee; iced tea.

The work of Superintendent Kirkpatrick and the entire faculty has been highly complimented by the people of Paris, who feel that these efficient workers have ever had in view the best interests of the pupils who were placed in their charge, and that they have well and faithfully performed their tasks.

MASS MEETING IN INTEREST OF BOY SCOUT CAMPAIGN

Following a preliminary meeting held at the court house Wednesday night for organization purposes, a mass meeting will be held at the Grand Opera House in this city, next Sunday afternoon at three o'clock, for the purpose of considering ways and means for furthering the Boy Scout Campaign.

Arrangements have been made for placing extra electric fans in the house, so that it will be as comfortable as remaining at home. There will be no lengthy program, and the fear of being bored need not keep anyone away. A musical program will be provided for entertainment, and a speaker of note will address the audience. Everything will be done to make the house comfortable, and it is hoped there will be a large attendance.

Mr. Rudolph Davis has been appointed Chairman of the campaign for Bourbon county, and he says he will make it a hummer. Bourbon expects to raise its quota in one meeting. The fact that Mr. Davis is in charge of the campaign makes its success assured.

The week has been set apart as Boy Scout Week for the purpose of enlarging and strengthening the Boy Scout organization. Associate membership in the Boy Scout organization will be offered to the mothers and fathers of American boys and to other adult American citizens. This worthy cause stands alongside the Red Cross, the Salvation Army and the other humanitarian organizations that have had the generous support of the American people.

LABOR INSPECTOR SAYS CHILDREN UNDER 14 CANNOT WORK.

No child under 14 years of age can be given a working certificate in Kentucky, even during the summer vacation, according to Miss Mayne B. Wager, Assistant State Labor Inspector for this district, when asked about the provisions of the child labor law.

"The law distinctly forbids the employment of children under 14 years of age at any time at street work, delivering messages, working in stores, offices, factories or other such places. Boys may be employed at gardening or at farming through the summer months, and girls at housework or such things as that, but the law clearly intends to prevent the employment of young children at work that would take them on the streets or into the stores, factories or mills," Miss Wagers said.

MASONIC CAMPAIGN FOR NEW ORPHANS' HOME.

Kentucky Masons have just launched a campaign for \$1,000,000 with which to build the most modern, up-to-date Widows' and Orphans' Home in the country, on the site of the first institution of the kind built in America at Louisville half a century ago.

Under the chairmanship of Hon. G. Allison Holland, of Lexington, a special committee appointed by the last Grand Lodge, has completed plans for soliciting every individual Mason in Kentucky whose Masonic organization now includes more than 600 lodges with 50,000 members. The members of the special committee are, besides Mr. Holland, John F. Coldiron, of Catlettsburg, Will Ward, Duffield, Harlan, H. M. Grundy, Springfield, George C. Atkinson, Earlington, Dr. William Carson Black, Barbourville, at present Grand Master of Kentucky, and A. R. Kimmerling, Louisville, who is Secretary of the Committee.

Each Committeeman has charge of several Senatorial Districts into which the State has been divided for systematic work in the Million Dollar Drive, and sub-committees will see that every home among Masons will be reached. No lodge will be solicited for a subscription. The State Committee has issued a booklet giving full details of the plan, together with subscription form to be used by all workers. Subscribers to the fund will be issued a special certificate, beautifully engraved, signed by the Grand Master, Grand Secre-

tary, and the Chairman and Secretary of the Million Dollar Committee, under seal of the Grand Lodge.
The new home is to replace the old buildings with one which is fire-proof, and will be a monument to the entire fraternity of the State. A chapel with seating capacity of 3,000 will be in the center of a group of buildings embracing dormitories for orphans, widows and headquarters of the Grand Lodge. The administration building will be on the right of this, with schools, hospitals and infirmaries on the left. A modern hospital with operating room, industrial and vocational buildings will be features, placing the Masonic Home on a footing with the most advanced movements for the care and rearing of children.

PARIS NEEDS MORE PARKING SPACE.

Paris, like most of her neighboring cities, is now up against a very difficult problem. On every public day, and, in fact, on almost any day, our streets are congested with automobiles, and as these are every day becoming more and more numerous, the question is to find some place to park them. Main street is almost too narrow to admit of much room being taken up with machines and the spaces on the other streets will not near accommodate those who come. There is room on the public square for many machines, but still not enough.

The only way out of the difficulty at present is to park the machines on the side streets in the residence section. This is somewhat unhandy, but it is the best we can do. We are anxious to do all we can to make it pleasant for those who come to Paris on any occasion, which brings a crowd here, and we wish we had better facilities for taking care of the machines.

Ever Notice It?

Said the near-cynic: "Did you ever notice that the fellow who is chivalrous enough to remove his hat in an elevator where there are ladies has no compunction about filling the air with a cloud of tobacco smoke?"

Optimistic Thought.

A true soldier never bends his sword to cruel slaughter.

CHRONIC CONSTIPATION

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercises, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

EGGS GAVE OUT.

The farmers' wives in Oldham county are unable to fill outside orders for pure-bred eggs this spring. Three orders for 1,000 eggs each which came from other counties in the State could not be filled because of the active demand. Three years ago Oldham County decided to standardize its poultry and selected White Plymouth Rocks as the breed. These fine birds have spread over the county until 17,000 pure-bred eggs were set this spring.

BOURBON FARMING CONDITIONS

Corn planting, gathering blue grass seed and tobacco setting have occupied farmers of Bourbon county early and late the past week, and with favorable weather conditions, the same program will be observed this week. Warm dry weather followed by copious rains have made a fine season for all farm work long delayed, and the utmost advantage was taken by farmers.

A large per cent of the corn crop has been planted now, and this week will see the work completed, weather permitting. Early planted corn looks well, and barring an early fall the yield this year will probably be about as large as planned early in the season.

Barley and rye are maturing rapidly, and will be a heavy one. Grazing is fine and livestock are thrifty. Local markets are well supplied with Southern vegetables, while some homegrown stock is on the market. Gardens are improving rapidly, although all vegetables are late. Peas are abundant and beans will be coming on the market within the next ten days. Potatoes are looking well, but have been damaged by beetles seriously in some cases.

The rains of Sunday interfered somewhat with farm work, as in many instances the ground was badly washed out and some replanting may be necessary.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED

People are often very much disappointed to find that their physician is away from home when they most need his services. Diseases like pain in the stomach are bowels, colic and diarrhoea require prompt treatment and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. (June-adv)

EMINENCE BOY BADLY BURNED BY LIVE WIRE

Oliver Shelby, son of Watt Shelby, was severely burned by a live wire at Eminence while playing in Mrs. Bess Harris' yard. Mrs. Harris hearing the child scream, ran to him and tried to pull him loose from the wire. The charge was so great that she was thrown to the ground twice before she succeeded in releasing him. The child's hands were burned to the bone and Dr. C. R. Johnson, attending physician, said a few minutes longer subjected to the current would have proven fatal.

INTERESTING TOBACCO FACTS

Leaf tobacco buyers notice a decline in the market with the presenting of statistical reports in the open markets of Kentucky, during the month of April, 1919. In comparison with the month of March the aggregate sales fell off 63,063,010 pounds, or eighty-five per cent, and there was a marked decline of \$2.32 per 100 pounds for the 1918 crop. The average of \$20.44 was the lowest of any month for the new tobacco with the exception of the small offerings of last September. In comparison with the month of April, 1918, the sales of leaf tobacco in the Kentucky market fell off 110,699,106 pounds, or fifty per cent, but the average price advanced \$1.69 per 100 pounds.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. (April-18-19)

CATARHAL DEAFNESS CANNOT BE CURED

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give one hundred dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug-gists, 75c.

THE COUNTRY PAPER AND THE COUNTRY ADVERTISER

One of the most notable facts connected with the country newspaper of to-day is the large increase in the amount of advertising of local business houses. The change has taken place gradually during the past year or so. It is highly significant and an inquiry as to the cause of it is of great profit, not only to those in the newspaper business, but to every citizen of our town as well.

The change, in brief, means that local merchants have found it necessary to call attention to their goods because of the immense competition they face, the most deadly element of which is that from the large stores of the large cities. These great establishments advertise their wares most lavishly and the metropolitan newspapers which contain their advertisements are distributed over the country, some one paper of which enters into nearly every home. The result is that these metropolitan establishments have built up an immense mail trade.

In our town, and, indeed, in most of the towns hereabouts, there is no occasion for this out-of-town buying. The duty of citizens in the matter is plain, and where other things are equal, support should be given local dealers. Our merchants have invested their capital, have erected buildings, which are the pride of the city, and have established concerns, which are almost metropolitan in character. They have built up our city, and it is only a fair return that they have the city's trade to turn trade otherwise, even in the line of little purchases, which are great in the aggregate, is to invite the decline of property values in our city.

CREAMERY COMPANY TO FIGHT LICENSE TAX.

Suit was filed in the Franklin Circuit Court at Frankfort by the Kentucky Creameries Company of Louisville against W. S. Rosson, Mayor, and Mervin Perrent, City Clerk, to enjoin the city from collecting a license tax of \$250 imposed by a recent city ordinance on the grounds that it discriminates against the company and the business it conducts.

The company also seeks to enjoin the city from prosecuting it under the ordinance fixing the license and from collecting the fine of from \$25 to \$250 for failure to take out the license. Eli H. Brown, Jr., of Louisville, filed the suit for the company. A branch office is operated in Frankfort by the Kentucky Creameries Company.

SOMNAMBULIST AROUSES NEIGHBOOD; RETURNS SAFELY HOME.

Somnambulism, or "sleep-walking," as it has been commonly termed, has always been accounted one of the strange freaks of Nature visited upon humanity. Numerous instances have happened in Paris, some with a ludicrous ending, others ending in near-tragedy, as in the case of the little Clough boy, who was shot by his father some time ago.

Last Monday night, Mrs. W., a well-known Paris woman, residing on the Bethlehem pike, arose from her sleep, and, while still under the influence of the drowsy god, put on her husband's overcoat, tied a light scarf around her head, left the house and paid a call at the home of several neighbors. At the first place she visited the man of the house, not perceiving the feminine shape concealed under the overcoat and the flowing scarf, was about to adopt harsh measures, when his wife recognized the midnight visitor, and kindly but firmly started her homeward. All this time the woman was profoundly unaware of her predicament.

Several other houses were visited in turn, where she was kindly sent on her way back home. At one place the somnambulist visited she rang the door bell and when the householder appeared in response, she asked for a cup of water. Becoming alarmed the man went to the telephone and summoned officers, explaining that there was a demented woman at the door. Sheriff Will G. McClintock responded and arriving at the scene, recognized the "sleep-walker" and hurried her home. By this time her husband arrived and all was serene. When she was awakened she was entirely ignorant of all that had occurred, and but for the fact that she was still draped in her husband's overcoat and had the long flowing scarf wrapped around her head and throat, she would have been unable to dispute the assertion that she had "been walking in her sleep."

MATRIMONIAL.

—A marriage license was issued from the office of the Fayette County Clerk, Wednesday, to Emmet Howard, 38, and Mrs. Nancy Snapp, 24, both formerly of Paris, and now residing in Lexington.

—It's almost an open secret, but we cannot go further at this time than to state that the marriage of a well-known young man and a popular young woman, both residents of Paris, is scheduled to take place in Lexington next Monday. In the words of the old-time country correspondent, "Guess Who!"

SAMS—MOOREFIELD.

—A marriage license was issued Wednesday in Winchester to Wm. C. Moorefield, of Paris, and Miss Hattie May Sams, of Winchester. The couple were married yesterday by a Winchester minister.

MORRIS—ADAMS.

Paris and Bourbon county friends have received invitations to the marriage of Miss Marguerite Morris, daughter of Mr. and Mrs. John C. Morris, of Lexington, former residents of this county, to Mr. Carroll Sidney Adams. The wedding will take place in the First Methodist Episcopal church, in Lexington, on Tuesday morning, June 17, at ten o'clock, and will be distinctly a society event.

JENNINGS—MATTHEWS.

—Mr. Paul H. Matthews and Miss Ruby Jennings were married at the residence of the officiating minister, Rev. G. R. Combs, pastor of the Methodist church, in this city, Wednesday afternoon. They left immediately over the Louisville & Nashville for a short wedding trip East.

The bride is one of Harrison county's most attractive young girls, a daughter of Mr. and Mrs. Walter Jennings, of near Cynthiana. Mr. Matthews is a son of Mr. and Mrs. James Matthews, who were for some time residents of Harrison county, moving to Boone county a few months ago. He is an industrious, intelligent and capable young man, with many friends who congratulate him on winning so charming a bride. On their return Mr. and Mrs. Matthews will reside in Boone county.

CHENAULT—STOLL.

—The marriage of Miss Talitha Chenault to Mr. John G. Stoll was solemnized Wednesday at high noon at the home of the bride's parents, Mr. and Mrs. Overton Harris Chenault, on Ashland avenue, in Lexington.

Rev. J. W. Porter was the officiating minister, and only the immediate families were present.

The hall, dining room, sun parlor, living room and livery were all in pale pink and blue with Dorothy Perkins roses and delphinium in willow and silver baskets, bowls and vases in loveliest profusion.

The wedding music was played by Mrs. Acosta at the piano and Mrs. Alexander with her violin and the bride and bridegroom entered together and stood at the altar before the waiting minister for the eloquent marriage service.

After the ceremony and congratulations the wedding breakfast was served, the bride's table being in the dining room and small tables in the sun parlor and living room. The bride's table was adorned with a white and gold basket of white sweet peas at the top, pale pink roses at the base, the handle tied with white tulle caught with pink rosebuds. The name cards, bonbons, ices and cakes of the elaborate menu served were in bridal emblem designs. With the bride and bridegroom there were seated at the table, Miss Elizabeth Chenault, Mr. and Mrs. James W. Thompson, of Bourbon county, Mr. and Mrs. Frazer LeBus, of Cynthiana, Miss Margaret Stoll.

Later the bridal couple left for a trip to Chicago and Les Cheneaux, Mich., and upon their return will go to housekeeping at Mr. Stoll's home on West Third street.

The marriage is a notable event in Kentucky society. The bride is the second of the trio of charming daughters of Mr. and Mrs. Chenault, and is admired for her beauty and unusual attractions. She was educated in the East, with two years abroad in a finishing school in Rome and since making her debut has been a belle in the social world. She is a sister of Mrs. James W. Thompson, of near Paris.

Mr. Stoll is one of Lexington's most prominent men of affairs, having represented the city for two terms in the Kentucky Legislature, is president of the Lexington Water Works, the Phoenix Hotel Company and the Lexington Leader Company. He is the son of Mrs. Richard P. Stoll and his father, the late Richard P. Stoll, was a famously successful banker and business man.

The guests were received by Mr. and Mrs. Chenault and the bride's devoted aunt, Mrs. Sarah McCana Elmore.

U. S. GOVERNMENT ASKED TO LEND SCHOOL TOOLS.

The Federal Government will be asked to loan its surplus tools amounting to many millions of dollars in value, to technical schools all over the country.

State Superintendent of Public Instruction Gilbert has written a letter to school people of the State urging them to get behind his measure and wire representatives in Congress to vote for it.

Gilbert would include in the bill a provision for a loan to the schools of trucks used for transporting soldiers, to be used by the schools for transporting children to the schools where there are consolidated schools.

CONFEDERATE VETERANS ENTERTAINED AT SCOTT COUNTY HOME

The rapidly thinning ranks of the Confederate veterans of Central Kentucky were entertained with a right royal mess, given Tuesday by a son of the Confederacy, Mr. M. Webb Offutt, at his Scott county home, "Elmwood Farm," near Georgetown. The outing was given in honor of his father, Capt. William N. Offutt, now of Lexington, and the hospitality extended was for fifty friends, all but seven of whom wore the Confederate uniform for four years of service.

The high cost of living was completely ignored in the sumptuous repast, which was served on the spacious bluegrass lawn, and the guests spent the rest of the time in recouping the deeds of the days of '61, and comparing the valor of those days as compared to the heroism of to-day's conflicts, as well as the former methods of warfare with those of the present day.

Among the guests were the following from Bourbon county: Lan J. Fretwell, Capt. James Rogers and Gano Hildreth.

CHECKING UP SCHOOL CENSUS.

State Superintendent of Public Instruction V. O. Gilbert, of Frankfort, J. W. Davis, of Morgan county, and M. E. Pogue, of Princeton, were in Paris, Wednesday, checking up the school census of the county. The totals for the city were found correct, and those of the county were only four names out of the way.

IT PAYS TO ADVERTISE.

Suppose you had the misfortune to lose a roll of money containing about \$165 in Uncle Sam's good new currency? What would you do? Weep and mourn, or advertise your loss in THE NEWS? The latter course would be the sensible one, and the only one. It has so happened.

Last week one of the most prominent young farmers in the county lost a roll of money somewhere in Paris, containing about \$165. It so happened that the day on which the money was lost was the publication day of THE NEWS. A one-inch advertisement was inserted telling of the loss of the money and offering a reward. The usual result happened—the money was found the next day by a man who said he read the advertisement in THE NEWS, and who restored the kale to the rightful owner. It pays to advertise in THE NEWS!

"HOW TIME DOTH FLY, OH, SO SWIFTLY."

While we poor mortals are struggling for an existence the relentless flight of time goes on, passing the years behind us, with all their good and bad. Tempus is still fugiating, it seems. Now ten years ago things were happening here. Just a few from time's note-book:

Dan Isgrigg, of Paris, and Miss Cora Weller were married in Cincinnati; While attempting to cross Stoner Creek, near North Middletown, which was very high at the time, Lewis Williams, of Winchester, was drowned; An L. & N. train ran over and killed Jesse Dickey, of Millersburg, who was asleep on the track in the Duncan avenue cut in this city; During a storm Burrell Ransom, colored, was struck by lightning on the farm of Mr. Chas. C. Clarke, near Paris, and instantly killed; Mr. William Peed, father of Mr. Dan W. Peed, of Paris, died at his home in Owingsville; Dr. J. C. Clarke, Lan J. Fretwell and Newton Current, Confederate veterans, attended the Confederate reunion at Memphis, Tenn.; Mr. and Mrs. Geo. Alexander and their daughters had just returned from a stay in the Bermudas; Mrs. Mollie Meng Harrison, of North Middletown, sailed for a tour of the Old World; Among those who joined the "silent throng in the silent land" were Will Connell, son of Mr. and Mrs. Nicholas Connell, Chas. Owsley, Mrs. John H. Deaver and Mrs. John Hennessey.

STORM-BREEDING WEATHER

The high temperature of the past few days seem to be breeders of storms in this section, as in the past week there have been no less than three heavy storms. Farmers report that the damage done by the storm of Sunday was considerably heavier than at first reported, and that many crops have been almost washed up.

Following the other two visitants, a storm of wind, rain, some hail, with electricity and thunder accompaniments, passed over Paris and parts of the county late Tuesday afternoon, doing considerable damage. The storm was especially severe between Paris and Lexington, and great damage was done to gardens, tobacco fields, corn, wheat and other growing products. Telephone and telegraph companies suffered from the effects of the storm, many of their poles and wires being blown down, and the service crippled for some length of time. Several head of stock were killed by lightning, according to reports coming to Paris by telephone.

A CASE OF INGRATITUDE.

A few days ago, just how many doesn't materially matter, one of the prominent business men of Paris, who is very much interested in the progress of a building he is erecting some distance from Paris, concluded to spend the day on the job. He sent word to his son, who is also a very busy young man, to have a nice lunch prepared and bring it out to him in the family car.

Son got busy and carried out father's directions to the letter. Placing the carefully-prepared basket in the rear of the car he threw the clutch in high and was speeding along the highway near Fifteenth street, when he was hailed by two young boys, who asked for a lift along the road, as they were going in his direction. The young man, being of an accommodating disposition, complied with the request, and stowed them away in the rear seat. On sped the auto, until when within a few yards of the destination, the driver turned around to ask his passengers where they wanted to alight. But only empty space greeted him—also an empty basket. His visitors had helped themselves and tumbled out of the car without even a word of thanks. And father had to send back to town to get his lunch again. He says he will take the goods with him next time. The boys have not expressed their sentiments yet, but it is likely they were greatly pleased.

NOTED ORATOR ADDRESSES COLORED SCHOOL GRADUATES

The Paris Grand Opera House was comfortably filled Tuesday night with a crowd of patrons and friends of the Western High School, the colored auxiliary of the local educational system. The graduating class of '19 was addressed by Roscoe Conklin Simmons, one of the foremost orators of his race. His address was pronounced to have been one of the most eloquent and forcible ever heard delivered here by a member of the colored race. A large section of the house was reserved for white people, who heard the speaker with every manifestation of appreciation and approval.

IN THE SWIM. NOW!

With the advent of the real hot weather bathing parties to the various "beaches" around Paris are all the go, and almost any night parties with their bathing togs under their arms may be seen wending their way toward the cooling waters. One of the favorite resorts for the bathers is in the vicinity of the old Paris ball park, where exceptional opportunities for indulging in the refreshing sport are afforded. Other inviting places are "Up Stoner," where the old swimming holes still hold out the lure to those who enjoy the sport.

APPOINTED CURATOR.

For many years the late Mr. John T. Hinton was a member of the Board of Curators of Transylvania College and the College of the Bible, at Lexington, holding that position up to the time of his death last January.

At a recent meeting of the Board held at the Transylvania College, it was decided as a mark of respect to the memory of the man who had given distinguished service to the institution as a member of the Board, to elect his son, Mr. Wm. O. Hinton, of Paris, as his successor.

This is an honor most worthily bestowed, and one that will redound to the interest of the college.

A MISTAKEN IMPRESSION REGARDING TRAIN SERVICE.

Through misinformation THE NEWS in the issue of Tuesday, announced that the Louisville & Nashville would resume the Sunday excursion season on next Sunday, June 15. We have been informed by the railroad authorities that this is a mistake. The announcement was intended as an advance notice of resumption of the regular train service on Sundays at the departure hours announced. The regular fare will obtain. It may be some time yet before the Sunday excursion trains are started. THE NEWS makes this statement in order to correct the impression that the publication gave. There will be no Sunday excursion yet. On another page of this issue will be found a large display advertisement giving the time of arrival and departure of this Sunday train service.

Mrs. Carl Willmoth, of Paris, was a guest of friends here this week. Mrs. W. S. Ardery, of near Paris, who was operated on at the new Harrison Hospital last week for chronic appendicitis and a complication, is improving nicely and

will be able to return home in several weeks."

—Miss Marcella Ryan is a guest of friends in Georgetown.

—Mr. and Mrs. Ernest Finney are visiting the latter's parents, Mr. and Mrs. John Anderson, in Shelbyville, Indiana.

—Mr. John Sauer and family will leave Sunday for an extended trip through the West. They will spend some time in Missouri and other parts of that section, and will go as far toward the setting sun as California. Mr. Sauer orders THE NEWS sent to him for the period of time he will be away, as he says he wants to keep in touch with old Bourbon county doings as far as possible. (Other Personals on Page 3.)

HANDING THE VITROL TO P. M. G. BURLESON.

The following from the Stanford Interior-Journal, no doubt will be heartily approved of by all the newspaper men of the State:

"Burleson has issued orders returning the telegraph and telephone lines to their owners immediately, but stipulates that rates fixed by him shall not be reduced nor union operators discharged. What rights he has in the premises to say what shall and shall not be done, does not appear. Western Union operators in many of the States were ordered on a strike and the union heads say it will be nation wide.

"In the seven months that the wire companies have been under control of the government, they have cost the tax-payers a cool million of dollars, is the statement that comes from Washington. As they were taken over after the armistice was signed, there appears no reasonable excuse for the performance, except that Mr. Burleson wanted to be clothed in authority that he might cut a few fantastic tricks. He did cut and the public has to pay the bill. It is nearly always as a noted millionaire once said, 'the public be damned, it seems.'"

BOURBON BOYS MAKING GOOD

Two Paris boys who have made good are among the list of twenty-six members of the Senior Class who will graduate in the College of Engineering at the University of Kentucky next week. Both have already accepted positions and will leave to assume their new duties about July 1. They are J. Stuart Wallingford and C. Lander Templin.

Mr. Wallingford will go with the Four Wheel Drive Auto Company, at Clintonville, Wisconsin. This company is one of the leading manufacturers of commercial motor trucks in the country.

Mr. Templin will go with the Hersh & Bros. Company, of Philadelphia, Pa., as assistant consulting engineer as soon as he graduates.

Both of these boys have made high standing in the four years collegiate work and during the war were members of the United States Naval Reserves.

A HANDSOME PRESENT.

Barnett Winters is wearing, with quite justifiable pride, one of the handsomest watches we have seen in many moons. The timepiece, which was presented to him by the Gruen Company, is made of the finest materials, simple in design, yet artistic in every line. The dial is made of platinized material, with the figures in raised gold on the surface. On the back of the case appears his monogram in green enamel. The watch is a beautiful piece of workmanship, in every respect, and "Barney" is more than proud of it.

A BEAUTIFUL STOCK.

Warning to the Traveling Public!

The bridge on the Paris and North Middletown pike, located between the farm of Mr. Tollie Young and the Harrods Creek pike, has been torn out, and will be replaced with a concrete structure.

While this work is going on all motor vehicles and heavily-loaded wagons traveling between Paris and North Middletown should, after rains, take the Paris and Winchester pike, and the Spears Mill pike.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

THE LONG ROAD.

Charles Dickens has won a complete victory in his long struggle against Beadle Bumble. The British Government has become fair to the wretched children into whom Dickens breathed the breath of life in his story of Oliver Twist. Hereafter no healthy child over 3 is to be an inmate of a workhouse. All dependent children are to be placed in families or in cottage colonies, where the surroundings will give them a decent chance.

If Dickens were alive to-day, reformers all over the world would be

inviting him to dine with them and make a speech. But the victory has been won too late. He has been dead half a century. It is eighty-one years since hungry, abused little Oliver was first summoned by his Creator to tell his tragic story on the witness stand in the interest of friendless and dependent little creatures like himself. The defense never produced so much as a brief. Three generations in England and America have cried over the book. Yet the wrong it exposed has endured until now.

The real wonder is not that the justice, which was the only possible answer to the story of the workhouse children, has been so tardy, but that it came so soon. For the road which leads to any worth-while reform is the longest road in the world.

Those who set their feet on it must not expect to reach the goal they seek. Like the leader of the Exodus from Egypt, they must be content to lie in graves in the wilderness. If the pioneers leave behind them a group thrilled with the vision which first called them to the journey, they will have done their part.

STATE PRESS ASSOCIATION TO MEET IN LOUISVILLE.

The fiftieth annual midsummer meeting of the Kentucky Press Association will be held in the Seelbach Hotel at Louisville, Ky., June 26, 27 and 28, and promises to be one of the best meetings in the history of the association.

The business session will open June 28 at 10 o'clock, and the address of welcome will be delivered by Richard M. Bean, active vice president of the Louisville National Banking Company. Lieut. Robert J. McBryde, former president of the Kentucky Press Association, who recently returned from overseas, will deliver an address in the morning, and in the afternoon Courtland Smith, president of the American Press Association, of New York City, will deliver an address on the subject, "In Union There Is Strength." Following Mr. Smith there will be "shop talks" by the newspaper men present.

Thursday evening the Kentucky Press Association will meet with the Kentucky Educational Association at the First Christian church.

Friday morning at 10 o'clock Mrs. Cora Wilson Stewart will deliver a brief talk on the work of the Kentucky Illiteracy Commission, followed by an address on "How Can the Press of Kentucky Aid In Securing Better Highways," by Rodman Wiley, of Frankfort. Friday afternoon T. C. Underwood, editor of the Kentucky New Era, Hopkinsville, Ky., will deliver an address on "Mars and Muses."

Saturday the Rev. H. G. Turner, of Danville, will deliver an address on "How Can the Press Aid in the Work of Reconstruction?"

Mrs. Guinn So Nervous Life Was Almost Unbearable—Trutona Changed Her.

LOUISVILLE, KY., June 12.—Mrs. Lona Guinn, a well-known Louisville woman of 2514 Woodlawn avenue, has recently recovered from an illness of long duration through use of Trutona.

"I suffered from nervous indigestion, constipation and loss of appetite for a long time," she said. "I was so nervous at times that it was difficult for me to tolerate the presence of my husband or others in the house; I couldn't sleep and would often just wander around in the house at night; I never felt like doing even the simplest of my household duties."

"But I feel like a woman made over again, since taking two bottles of Trutona. This splendid medicine has accomplished the most wonderful results in my case, helping me in every way. My husband thinks Trutona has performed miracles for me. I think it is the most wonderful medicine in the world. I wouldn't be without a bottle of Trutona in the house. It does everything that is claimed for it, aiding weak, nervous and run-down women."

Trutona is now being introduced and explained in Paris at G. S. Varden & Son's. (adv)

HEAVY FREIGHT TRAFFIC.

Freight traffic on the Louisville & Nashville through this city has reached a point that may be termed "stupendous." Every day long trains loaded with coal and other products pass through this city. Just a few days ago THE NEWS man saw one train comprising ninety-one cars, heading north, fifty cars of coal and a large number of oil tanks making up the train. Another train passing through Paris southbound, was made up entirely of oil tanks for the Kentucky oil fields.

"Isn't It a Pity She Is Stout, She Has Such a Pretty Face, Too?"

The above is something you rarely hear said about the woman who wears F. L. L. Model Garments—Suits, Coats, Dresses and Skirts—for she is the stout woman who is not content with having a pretty face; she demands that her entire appearance be attractive.

It Is True That Large Women Who Wear F. L. L. Model Garments Are Seldom Thought of as Being Stout Women—

—you know in the sense we mean—for there is an aristocratic carriage about them, a poise, a grace and a distinction that place them on the same level of smart, good looks with their slenderer sisters.

It's almost amazing at times what wonders an F. L. L. Model Garment performs for a stout or an unusual figure, such as reducing its apparent size or hiding some discrepancy in its contour.

F. L. L. Model Garments may be had in the fabric that you desire, in your preferred color, and at the following moderate prices:

2,500 Garments to Select From

No Extreme Narrow Skirts with F. L. L. Suits

SIZES 15 TO 59 BUST

F. L. L. Model Suits . . .	\$25.00 to \$77.50
F. L. L. Model Coats, Capes	\$16.50 to \$85.00
F. L. L. Model Dresses . . .	\$15.00 to \$65.00
F. L. L. Model Skirts . . .	\$5.00 to \$22.50
F. L. L. Model Waists . . .	\$4.98 to \$27.50

It will pay you to get on the train, come to Cincinnati and visit OHIO'S GREATEST STORE for STOUT WOMEN AND WOMEN HARD-TO-FIT. You can also be fitted in Underwear, House Dresses, Bungalow Aprons, Petticoats, Hosiery, Sweaters, Wash Skirts, Wash Dresses, etc., up to 59 Bust.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

MEETINGS ARE POPULAR.

Farmer's Community Meetings are evidently quite popular this summer. Reports reaching the State Development Committee at the Board of Trade Building, Louisville, Ky., show that about 20 counties have organized and are ready to have the dates set for their meetings.

The plans of this committee call for meetings in the southern part of the State on the main branch of the L. & N. early in July. The meetings which follow will be scattered along the L. & N. northward and will later in the season swing into the eastern end of the State. The purchase and the Pennerle will be taken care of sometime after the first of August, as these meetings will be continued into September.

ELKS BACK CAMPAIGN OF SAL- VATION ARMY.

The Kentucky Elks, the "Best People On Earth," as the B. P. O. E. is generally interpreted, will back with all their usual energy and vigor the campaign to raise in Kentucky the State's quota for the Home Service work of the Salvation Army. This work in Kentucky will include "boozeless" saloons in the cities now wet, where there is any demand for them, extension of the work of the Army among the poor and the down-and-out, a permanent building for the Army in Lexington, which will be purchased if proper location can be found, and the regular work of the Army.

Warm endorsement of the Home Service campaign in Kentucky is given in a telegram sent out by Secretary Fred O. Neutzel, of the Kentucky Elk's Association. The campaign in Kentucky, which was delayed because of inability to get into the State at the time of the National Campaign, May 12 to 26, will begin June 23 and end June 30. In his telegram to the Secretaries of the local Elks' lodges, Secretary Neutzel says:

"To All Secretaries of Kentucky Elk Lodges:

"Elks made possible wonderful overseas work of Salvation Army. Army now attempting to put themselves on business-like basis by National Campaign. Elks have already raised quotas in California, Nevada, Ohio and other States. Let us show the public Kentucky Elks are ready to help make the campaign a success. Letter from Mr. Sobel, Kentucky Campaign Director follows.

"FRED O. NEUTZEL,

PARIS TESTIMONY

Home Proof, Here, There and Every-
where.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Paris resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Paris recommendation. Then insist on having Doan's. You will know what you are getting:

Phillip M. Heller, proprietor meat market, 722 Main Street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. At times my back was weak and lame and the kidney secretions passed too frequently, making me get up often at night. I have used a box of Doan's Kidney Pills at those times and they have always rid me of the complaint. I think they are a splendid medicine and gladly recommend them."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Monday afternoon at 3 o'clock, the Presbyterian church will meet.

—While the Christian Church is undergoing repairs and redecorating and having a new system of lighting installed, the regular morning and evening services will be held at the Opera House, as will also Sunday School. Sunday School will be held at the usual time, 9:30. Morning service at 10:45 and evening service at 10:45. Rev. W. E. Ellis' subject Sunday morning will be "What Place Are You Filling?" and his topic Sunday evening will be, "The Flower, The Fruit and The Ashes of Sin." Everybody is most cordially invited to attend. You will find it more comfortable there than at home, as the house will be well ventilated and the fans kept going. You will be expected. Will you be there?

BIRTHS.

—In Covington, to the wife of Mr. Harry Waller, a son, christened Clifford Graves Waller. The mother was formerly Miss Ira Oder, of near Ruddels Mills.

VELVET, THE FRIENDLY TOBACCO HOME AGAIN.

Velvet Tobacco, in its jolly red tin, is again a feature of cigar stores, big and little. There is again Velvet in the pipes, and contentment in the hearts of an army of American pipe smokers. And thereby hangs a tale.

"Where's Velvet Tobacco gone?" those same folks inquired, when disappointed in their quest for that age-mellowed, friendly tobacco, which had made them and their pipes side partners for years.

Where was Velvet? Ask the Red Cross man or the "Y" man. Ask the Salvation Army lassies. Ask the hurried and harassed Quartermaster Corps that were responsible for "more beef, more bullets and more tobacco" for the boys under the tin derbies. Yes, that's why Velvet was not on some of the dealers' shelves. It was on the ships, in the cantonments, in the billets and the trenches. But Velvet is now wearing the red chevron of an honorable discharge.

The doughboy who smoked the "tinned Kentucky sunshine" in France, can now enjoy its friendly company on his own front porch. Those of us who willingly gave up luxuries that the boys over there might have them, can stuff our old pipes once more with Velvet and "smile, smile, smile."

And good old Velvet Joe! Well, he's back in the columns of this paper and glad to see you all again.

MAYOR JANUARY WRITES IN MASSONIC HOME JOURNAL.

In the last issue of the Masonic Home Journal, published at Louisville, Mayor E. B. January, of Paris, one of the most enthusiastic and hard-working lodge men in the State, writes as follows:

"W. H. McDonald:

"Dear Sir and Brother:—I want to congratulate you on the editorial of May 1st, 'America's Greatness,' and the improvement in the Journal under your management. If the secular journal of the day would write and practice such as you wrote, this would be a better world to live in, instead of so much jealousy and dirty politics. To-day it looks like they are forgotten by the brotherhood of man. Find enclosed my check for \$3 for the Widows' and Orphans' Home, one of the greatest institutions in the State. Paris Lodge No. 2 is having a large amount of work at present. I hope the Journal will continue to improve and flourish for many years doing good. I remain yours fraternally,

"E. B. JANUARY."

DEATHS.

DETWILLER.

—Following a comparatively short illness of uraemic poisoning, Mr. A. Detwiller, aged about sixty-six, one of the best-known residents of North Middletown, died at his home in that city Wednesday afternoon at two o'clock. Previous to his last illness Mr. Detwiller had been in active health and had been able to attend to his business. He had been a resident of North Middletown for the larger part of his life, and by economy, industry and thrift had built up a business of large proportions.

Mr. Detwiller in the course of his business experience became known to all the people of his vicinity as a model of mental industry and was strictly honest in the service he rendered. He commanded the respect of all classes and sects of people, as was attested by the large attendance at his funeral held yesterday afternoon. He was an honorable gentleman in the highest sense that the term implies. It was perfectly natural for him to do right. To man, woman or child, saint or sinner, he always extended a cordial greeting that lent a ray of light to brighten their pathway in the journey of life. He was a devoted husband and a kind and indulgent father, and to all his friends he was the soul of friendship. But the greatest of all he was a man. And as a man it is that those who knew him best most love to contemplate him.

Besides his widow, Mr. Detwiller is survived by three daughters, Mrs. Roy Domigan, of Clark county; Miss Daisy Detwiller, a member of the Paris High School faculty, and Miss Josephine Detwiller, a teacher in the schools of the county, and one son, Mr. Allie Detwiller, who has lately returned from the army service.

Mr. Detwiller was one of the most prominent members of the Masonic fraternity in the county, and stood high in the councils of that order. He was a member of the Couer de Lion Commandery No. 26, Knights Templar, of this city, and was always devoted to the best interests of the order.

The funeral was held yesterday afternoon at four o'clock, with services at the grave in the North Middletown Cemetery, conducted by the members of Couer de Lion Commandery, Knights Templar, of Paris. The active pall-bearers were: S. E. Anderson, E. K. Thomas, H. C. Smith, M. H. H. Davis, Joe H. Ewalt, Sam K. Veatch; Honorary pall-bearers: May Goff, W. T. Buckner, Jno. T. Collins, E. M. Costello, Wm. Rogers, J. C. Berry.

ASHCRAFT.

—Mr. Oscar C. Ashcraft, aged twenty-eight, a former member of the Dr. Barrow Base Hospital Unit No. 40, which saw large service in England during the world war, died at the Massie Memorial Hospital, in this city, at 2:30 o'clock, Wednesday afternoon, of double pneumonia, following an illness of two weeks.

Young Ashcraft was a son of Luther and Sallie Hornback Ashcraft, of this city. He accompanied the Barrow Unit on its trip to England, and was mustered out of the service on April 19. On his arrival home he became very ill with tonsillitis. It was thought that his constitution had become undermined by the foggy climate of England, and that the seeds of disease thus sown resulted later in tonsillitis, and then pneumonia. Drs. David and Woolfolk Barrow were consulting physicians at his bedside, and everything that medical science could do was done to save the young man's life, but to no avail.

He is survived by his mother, Mrs. Sallie Hornback Ashcraft; two brothers, Joseph and A. D. Ashcraft; three sisters, Mrs. L. H. Insko, of Jefferson county, Mrs. James H. Cheppell and Mrs. David Crombie, both of Shelby county. His father, Mr. Luther C. Ashcraft, died at his home in this city on March 7.

The funeral will be held from the family residence this afternoon at 2:30 o'clock, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The burial will follow in the Paris Cemetery.

BYRD.

—Mr. J. T. Byrd, aged sixty-nine, died at one o'clock Tuesday morning at the Massie Memorial Hospital, in rheumatism. He was a watchmaker and clock repairer by occupation, and was well-known to many of the older residents of the city and county. His wife, who was Miss Fizer, of Mt. Sterling, died some years ago. He is survived by one daughter, Mrs. J. E. Barnett, of Cincinnati. The body was taken from the Hos-

pital to the undertaking establishment of George W. Davis, where services were conducted in the chapel at one o'clock Wednesday afternoon, by Paris Methodist church. The body was taken to Mt. Sterling, where it was interred in Machpelah Cemetery at three o'clock with services conducted at the grave by the Rev. J. W. Southgate, of Mt. Sterling.

SWIFT.

—Mrs. Anna L. Swift died at the home of her daughter, Mrs. Dabney N. Parrish, 206 East Maxwell street, in Lexington, Tuesday night at 10:30 o'clock, following an illness of more than two years. She is survived by her daughter, Mrs. Parrish, and two sons, Charles Swift, of Clark county, and Spahr Swift, of Lexington.

The funeral services were held at the residence yesterday afternoon at 4 o'clock, Rev. R. T. Gillispie, assisted by Rev. William Cumming, of Winchester, officiating. The burial took place in the family lot in the Lexington Cemetery. The pall-bearers were, A. R. Sphar, E. B. Dooley, T. G. Sudduth and L. S. Baldwin, of Winchester; E. S. Bean, of Lexington, and George W. Clay, of Paris.

SHOUT.

—Carl Shout, aged two years, son of Mr. and Mrs. Samuel H. Shout, formerly of Paris, died at the family residence, No. 115 Alabama avenue, in Lexington, Wednesday morning. He is survived by his father and mother, and two sisters, Viola and Katherine. Funeral services were held at the residence at four o'clock Wednesday afternoon, Rev. J. M. Walker officiating. Burial on the family lot, in the Lexington Cemetery.

SALVATION ARMY'S WORK FOR OUR SOLDIERS IN FRANCE

Secretary of War Baker, in a telegram to Evangeline Booth, Commander of the Salvation Army in the United States, gives utterance to his appreciation of the work which the Salvation Army accomplished for the American soldiers in France. Secretary Baker, one of the speakers at the mass meeting in Madison Square Garden, at which the Salvation Army opened its \$13,000,000 Home Service Fund, campaign, referred to "the splendid spirit of helpfulness" which actuated Salvation Army overseas workers and speaks glowingly of the affectionate and enthusiastic way in which the soldiers received the ministrations of the Salvationists. His approval follows:

"I will avail myself of every opportunity to testify in the most public and helpful way to the splendid work the Salvation Army did with the American Expeditionary Force in

Salvation Army were admirably selected; their service was one of great devotion; its spirit was always on the broadest humanitarian basis and the work of the army was affectionately and enthusiastically received by the soldiers, so that the whole relationship between the Salvation Army and the American Expeditionary Force was characterized by a splendid spirit of helpfulness out of which an incalculable amount of relief, comfort, sympathy and happiness was derived by our soldiers. The Salvation Army is entitled to have its friends know both the devotion it has shown and the success with which its ministry has been attended."

The people of Kentucky outside of Louisville and Jefferson county, who already have given liberally in a successful campaign, will have the opportunity to aid in this noble work the week of June 23 to 30. An organization is now being effected and many of the counties already are actively at work.
